Mrs. Louis Archambault of East Fairfield is in a serious condition at the home of John Finnegan in Hyde Park, with injuries the extent of which have not been fully determined, as a result of an automobile accident in which she, her four children and Mrs. Guy Barnes of Bakersfield were involved. On the way to Morrisville, Mrs. Archambault, who was driving the car, attempted to turn out for a large touring car and went over a bank, a drop of 25 feet. Not Favorably Impressed.

"Can you tell me some way to cook potatoes?" asked the young wife who was doing her first marketing.

"They are very nice just boiled in their jackets," suggested the grocer.

"And have you no other potatoes than these?" she went on doubtfully.

"These jackets do not look very stylish."

"Going to eat today?" inquired the dragon.

"Yes," replied the hussar, "we have horse meat."

"We have prospects of dining ourselves. There's an automobile out yonder that has turned turtle."

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Ready prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments.

It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup.

Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

He Had Proof.

Bobby is three years old. He has a new pair of white shoes, and on first donning them last Sunday insisted on being taken to his aunt's house to exhibit the spotless footgear.

Auntie lives several squares from Bobby's home, and before half the distance was covered Bobby gave evidence of waning enthusiasm. Finally he asked to be taken home. "I'm awful tired," he declared. "Oh, no," father answered, "you're not tired already."

"Yes, I is," Bobby answered, beginning to snivel. "I is too tired. You feel my feet daddy, and see if I isn't."

Fish Flour in Norway.

The royal Norwegian provisions department has officially announced that recent experiments at Bergen to produce bread containing 20 per cent of fish having proved successful, a trial in the same direction will now be made in Christiania.

It is the intention of the provisions department to co-operate with the state for the purchase of the necessary machinery for the preparation of the fish, which will be mixed with bread grain in order to make the rations larger. The bread prepared in this manner is said to be good and palatable.
